

Haiti's richest man invests in energy storage

Can private investment help solve Haiti's energy crisis?

"We have had this energy crisis for a long time, more than 20 years," says Evenson Calixte, managing director of Haiti's Autorit  Nationale de R gulation du Secteur de l'Energie (ANARSE), the nation's energy regulatory authority. "And we believe that one element that can help reform this sector is private investment."

Why is Haiti struggling to modernise its energy sector?

Haiti's recent battles to modernise its energy sector serve as a stark lesson for how fraught the business of energy transition can be. In the wake of the scandal, the struggle to provide Haiti's 11 million people with reliable energy - and the desire to attract foreign investment to do so - has taken on an evermore politically charged hue.

How much money do oil companies make in Haiti?

In August 2020, a government anti-corruption task force published a report on the last ten years of the petroleum industry. It concluded that private oil companies operating in Haiti made \$94m in undue profits between March 2019 and May 2020 at the expense of the state.

Energy-Storage.news" publisher Solar Media will host the 9th annual Energy Storage Summit EU in London, 20-21 February 2024.
