How long do kitchen cabinets last?

Cabinets begin to show signs of age after about 20 years, such as doors that don't fully close, drawer fronts coming loose, and surface dings--especially at heavily used areas like below the sink. Kitchens are also one of the most popular remodeling projects, and cabinets are often replaced at about the 30 to 40 year point because they are outdated.

What can you do with a Walmart storage cabinet?

Other than lighting, you can use your Walmart storage cabinet to make a statement by switching out the hardware. You can play around with different colors, match the pulls to the other hardware in the room you're planning on keeping it -- or, if you're feeling playful, tailor it to whatever you'll be using the cabinet for.
