

Tallinn energy storage subsidy policy document

Do Estonians have to worry about high energy bills?

"Europe and a considerable part of the world have been hit by soaring energy prices, and it is important for us that the people of Estonia do not have to worry about high energy bills," said Prime Minister Kaja Kallas.

Does Estonia need more state aid?

"It is now clear that the state aid provided to the people of Estonia must be much more extensive than we planned at the end of last year," he noted. "The portfolio of energy supports for household consumers will now be supplemented in the form of a price limit for electricity and gas bills.

What is zero terrain doing in Estonia?

With this cooperation, Zero Terrain is collaborating closely with the government to devise solutions to enable the realisation of the pumped-hydro energy storage (PHS) project in Estonia, including supporting securing capital and addressing market challenges.

Rent self storage units for temporary storage of personal belongings in Tallinn. Large variety of cheap storage space with 24-hour access and affordable prices. +372 668 2729. ... Need Assistance?
