Allianz Smart Energy ist ein Teilfonds des Allianz Global Investors Fund SICAV, einer nach luxemburgischem Recht gegründeten offenen Anlagegesellschaft mit variablem Kapital. Der Wert von Anteilen an Anteilklassen des Teilfonds, die nicht auf die Basiswährung lauten, kann einer erheblich erhöhten Volatilität unterliegen. ...

AMPYR proposes to develop the Wellington Battery Energy Storage System. The project consists of a battery energy storage system (BESS) with a capacity of 500 megawatts (MW) and up to 1,000 megawatt-hours (MWh), with associated infrastructure. The project will connect to the Wellington TransGrid substation via a 330-kilovolt (kV) overhead or ...

Anders is director of "distributed energy solutions" for Alectra, a utility company serving 17 communities, including Rockwood and Guelph. Together with U.S.-based Convergent Energy and Power, Alectra is pitching the community and Centre Wellington on a battery storage facility proposed on 13 acres of rural property along Wellington Road 18.

the adjoining Wellington TransGrid substation (Lot 1 in DP 1226751) either by way of 330 kilovolt (kV) overhead or underground transmission line (s). The project will improve the reliability of energy supply in the region by providing storage and ...

While this paper explores the potential rising value of storage and flexibility to solve the intermittency of renewables, we remain positive on the future of renewable power ...

Whilst STOR itself is not a renewable energy, gas peakers, frequently used in the STOR process, have been called "the bridge between conventional fossil fuels and renewable [since] they allow solar and wind to be integrated into the energy system by providing back up when these can't operate".[1] Gas peakers are predicted to play an ...

First Solar is the owner of Wellington Solar Project - Battery Energy Storage System. Additional information The 25 MW/100 MWh lithium-ion battery- based energy storage aspect will be housed in up to 6 purpose-built blocks approximately 12.5 metres long and wide and 3 metres high.

[Sydney, 14 October 2022] AMPYR Australia Pty Ltd (AMPYR) and Shell Energy Australia (Shell Energy) have signed a joint development agreement for a proposed battery energy storage system strategically located in Wellington (the Wellington BESS), Central West New South Wales (NSW). The target capacity of the Wellington BESS is 500 MW / 1,000 MWh, making [...]

Allianz Smart Energy invests in companies, " key enablers", across three distinct topics and an array of underlying areas: 1. Energy Generation - eg, Renewables and Back-up Power 2. Energy Storage - eg, Lithium-ion Chemistry, Hydrogen Technology and Energy Storage Systems 3. Energy Consumption - eg, Transportation Electrification ...

The ongoing energy crisis in Europe has boosted clean energy investment. In the US, the Inflation Reduction Act is also fueling investments into renewables and electric mobility and there are a number of other initiatives in Europe, Japan, China and elsewhere. 2023 was the first year on record with more investment in solar energy (about USD380 ...

MINTO - A company planning to redevelop an energy storage facility in the Harriston Industrial Park is seeking a motion of support from Minto town council. At the Nov. 21 council meeting, Toronto-based Nexus Renewables advised council of its plans to partner with NRStor to turn that company's Harriston energy storage facility into a battery energy...
